SUBMITTAL DATA

-TC- Timed Cycle

Factory installed option on the J-770 Series sinks with sensor faucets and JKS-770 Series knee activated sinks.

Timed Cycle allows the user to select a pre-programmed scrub time of 3, 5 or 10 minutes. After pushing the desired cycle time button, water will be activated. When the cycle has completed, the water flow will stop. The Stop button allows users to cancel the selected cycle

- Low voltage LED illuminated buttons for 3, 5 or 10 minute cycles and Stop button to cancel cycle.
- Available installed on sensor activated or knee activated scrub sinks.
- Stainless steel mounting base.
- Available factory installed only, on pre-piped Just scrub sinks. Note: not for use with manual override faucets.
